Continuation of 3. NOTE: Although Chmielewski does not give the claimed density value, the applicant fails to disclose that a density specifically less than 0.01 g/cc is such a critical value or gives unexpected results so to exclude a density higher than 0.01 g/cc. The affidavit filed 4/7/06 discusses the criticality of a low density, but does not provide criticality for the claimed range. The research worksheet that was presented as part of the affidavit is illegible.
